

# The Poor Widow of Zarephath

We give but little when we give of our goods.  
It is only when we give of ourselves that we truly give.

There are people who have a lot but give little, and the little that they give is given to win praise from others. This makes their gift worthless.

But there are people who have little and who give it all. These are really great. Through the hands of such people God cares for his people through their eyes, he smiles on the world.

We may feel that we have not much to give. Let this not deter us.  
We can give little things and give them with great love.

Then we will be imitating the poor widow, who was able to look beyond her own need because she placed all her trust in God.
